SUDAN cont.

- WR provides WASH and protection services to 8,300 refugees in Camp 6 (Wad El Mahi - Blue Nile state) and is the sole provider of water. Access to the camp has been limited only because of the ongoing conflict and a strike by the Government of Sudan. The armed conflict erupted in Wad El Mahi itself, but has since spread to Damazine, the capital of Blue Nile and where our offices are located. Our staff remain unharmed, but our ability to provide services, especially in Camp 6, is limited. Please pray for safety and resumed access to our program participants.

- Pray for those people suffering the effects of natural disasters in the U.S. and other places in the world. Pray for those who have lost loved ones to be comforted, those that lost homes to find shelter, and for those without food to be fed.
