

VOXKIDS AT HOME: A FAMILY GUIDE

Here are ways that you can engage with the VoxKids content for a positive Sunday morning VoxKids at home experience!

1

VOXKIDS BREAKFAST

For our early risers! Start your Sunday with our VoxKids content. First look through the parent guide and prepare the activity materials. Then as your little ones are eating breakfast, play the VoxKids Worship videos and lesson video. After breakfast, have fun delving right into the lesson!

2

VOXKIDS SPACE

While parents are experiencing Sunday's sermon, kids can have their own VoxKids experience! Parents have your kids join you for worship and as the sermon is about to start, set your kids up in a separate space where they get the chance to continue worshipping, VoxKids style, and then get into the video lesson! After service, reference the parent guide to walk you through the lesson and activities.

3

VOXKIDS SERMON

Have your kids join you for the entire service! If you choose this option, we want kids to get the most out of the sermon so we have prepared a VoxKids Sunday Sermon Notes page for your kids to complete during the sermon. This resource is to help kids focus in, while also providing parents with the tools to reinforce the message in a discussion after service.
